

## Pre-Engineering: Sound Wall Photo Deliverable Sample

This sample outlines the required approach for photographing a sound wall. The naming convention for each photo will include the house address number and street name, as demonstrated in the example below. All photos must be named accordingly and stored in a subfolder titled "**PHOTOS**" within the final sound wall survey deliverable folder.

### Example: Photos Directory Structure and Naming Convention

```
└─ PHOTOS
  └─ SOUND_WALL
    └─ 2000_PEAK_PLACE_1
    └─ 2000_PEAK_PLACE_2
    └─ 2000_PEAK_PLACE_3
    └─ 2000_PEAK_PLACE_4
    └─ 2000_PEAK_PLACE_5
    └─ 2000_PEAK_PLACE_6
    └─ 2000_PEAK_PLACE_7
    └─ 2000_PEAK_PLACE_8
    └─ 2000_PEAK_PLACE_9
```

**Photographs:** The images provided may not correspond to the order of the directory structure above. They serve as examples to illustrate the required photography standards.
